

Tributaries® Launches AC Power Extension Bar

Orlando, FL—May 31, 2011—Tributaries® Cable, the Florida company that sets the standard for high-performance, high-value accessories and cables for custom home audio and home-theater installations, announces their latest AC protection product—a new and innovative UL® approved power extension bar, the Tributaries® T10X.

“Tributaries is committed to providing the custom channel with accessories specifically designed for the needs of today’s installations,” said Joe Perfito, President of Tributaries. “We are the only company in our industry to offer a 10-outlet product with filtering, surge suppression, ease of mount, flexible outlet placement, and input/output triggers; a truly remarkable accomplishment.”

Offering incredible convenience, the T10X was designed for mounting horizontally across the back of a rack in one of 3 possible positions, providing home entertainment system components with a clean source of power free of signal degrading noise and distortion. Featuring 10 evenly spaced outlets—six on the front panel and four on the rear panel, the T10X uses the latest surge suppression technology, the X3MOV, to provide equipment with a high level of protection from damaging spikes and harmful surges. Additionally, triggers are provided to enable either remote turn-on of the T10X by a component providing a 12-volt trigger output or the ability to turn-on another component that has a 12-volt trigger input.

The T10X is available now, with an SRP of \$225.

T10X TECHNICAL SPECIFICATIONS

Line Voltage	120VAC 15A 50/60Hz
Surge Suppression	3240 Joules
Surge Current	400 Amperes
Response Time	Instantaneous (<1ns)
Clamping Voltage	400 Volts
Protection Modes	L-G, N-G, L-N
Maximum Spike Current	216,000 Amperes
Maximum Spike Voltage	6000 Volts
EMI/RFI Filter Frequency / Attenuation	150KHz ~ 100MHz / 70dB
UL® / CUL® Certifications	UL1449, UL1363, UL1283
RoHS Compliant	YES
Circuit Breaker	15A, Front Panel Resettable
Power Cord	10ft, 14AWG, Shielded, w/lighted, 3-Prong, 45° AC Plug
Width / Height /Depth /Weight	17" (43 cm)/1.75" (4.4 cm)/3.25" (8.3 cm)/3.8lbs (1.7kg)
