POWER STRIPS

T12 T10 T8 T1

Performance, Protection and Profitability Tributaries® growing line of power strip products offer features that differentiate our products from the many 'me too' power strips available today. Featuring 3 line AC protection, 'protected' and 'grounded' indicators, 15 amp resettable circuit breakers, network, phone and DSS/Cable protection, cord management and a \$25,000 connected equipment warranty, these new power strips offer truly amazing value for money. Last but not least, our biggest problem solver - our unique rotating outlets - enable all those different sized 'wall warts' to be safely plugged in and protected.

T12 Features:

- 12 Surge protected outlets
- 4320 Joules Rating
- 8-90° Rotating outlets
- 4 static outlets with safety shutters
- Cord Management Clamp to avoid a jumbled mass of cables
