10.28.2009 — [Tributaries Cable](#) has added the T3 Flat-Panel Power Pak, a triple-outlet model that offers high-current surge protection and RFI AC line filtering.

With a depth of just 1.5 inches, the T3 can plug directly into the wall socket and fit behind flat-panel TVs.

The T3 features three edge-mounted AC outlets (two fixed outlets and one AC outlet) and one RF connection outlet that rotates 90 degrees.

The T3 also includes RoHS compliance, multiple UL listings, and it meets the requirements of California SB20: The Electronic Recycling Act of 2003.
