

## 8SP12-L

### Description

Tributaries 8SP12-L is a high-performance Siamese Speaker cable made by hand in Orlando, Florida. The 8SP12-L is designed with heavy 12AWG Long-Crystal Oxygen-Free (LC-OFC) copper conductors that are terminated with Series 8 spade lugs. The conductors have a unique individually insulated dual-gauge configuration for superior sound clarity. The 8SP12-L is available in each and is stocked in 4ft, 6ft, 8ft, 10ft and 12ft lengths with custom lengths available

### Features

- Hand-assembled in Orlando, Florida, USA
- Two 12AWG Long-Crystal copper conductors for best signal transfer
- Sophisticated multi-gauge design for superior bass and midrange
- Insulated conductors eliminate strand interaction / distortion
- Precision-crafted PE dielectric for low loss and maximum definition
- Gold-plated solid brass spade lug connectors
- Available in custom lengths, sold by each

### Terminations

The 8SP12-L is terminated with red & black spade lug connectors. The wires are secured by dual screw terminals in Orlando, Florida to solid gold-plated brass Series 8 spade lug connectors.

### Conductor
