

ELEC-AC100

Description

The Tributaries AC100 is a compact and convenient Coaxial to Toslink Digital Audio Converter

Features

- Supports two-way conversion: Coaxial to Toslink or Toslink to Coaxial
- Supports input audio signals from 2 channels up to 5.1 channels; the output signal follows the input
- Supports amplification of S/PDIF audio and extends the transferring distance, through Coaxial and/or Toslink cables
- Select from Coaxial or Toslink input, and send the S/PDIF audio signal to both Coaxial and Toslink output simultaneously
- Compact size and easy to install
