

SP8BW-BK02S

Description

Tributaries SP8BW is a Star Quad 14/4 constructed with Long-Crystal OFC copper in a UL® rated black flexible PVC jacket. Cable is suitable for Bi-Wire or 2-Channel configuration. This product is available on 200 foot spools

Features

- Star Quad design separates high and low frequencies improving sound stage
- Four 14AWG Long-Crystal Copper conductors for best signal transfer
- 3 separate wire gauges for superior bass, midrange and highs
- Insulated conductors eliminate strand interaction / distortion
- Perfect balance twisted conductors for low distortion and extreme noise cancelation
- Unique design by Jay Victor optimized for superior sound quality, exclusively from Tributaries
- Highly flexible UL® CL2 PVC jacket
- Available in 200 foot spools
